SITUATION SUMMARY

Public health and medical (EF-8) Situation Report Ebola Virus Disease, 2014

Date of report: October 13, 2014

Operational period: October 13 - October 17, 2014

There are currently no suspected or confirmed cases of Ebola in California. A patient in Los Angeles County was confirmed negative for Ebola Virus Disease (EVD), on October 9th, and is being monitored until October 30th as a precaution. At present, the weekly situational assessment for the risk of Ebola infection in California is very low.

The outbreak of EVD in the West African nations of Guinea, Sierra Leone, and Liberia continues to expand but does not pose a significant risk to the United States. As of October 7th, the World Health Organization has reported a cumulative total of 8376 suspect, probable, and confirmed cases and 4024 deaths. Based on the current situation in West Africa, the Centers for Disease Control and Prevention (CDC) consider the risk of importation of multiple cases of EVD into the United States to be very low. However, the outbreak is evolving, and this assessment may change.

A patient with confirmed EVD, diagnosed on September 30, 2014, in Dallas, Texas died on October 8th, 2014. This was the first travel-related case detected outside of West Africa's outbreak region. One of the nurses that cared for the patient was diagnosed with EVD in Dallas, Texas on October 12th, 2014 and is being treated.

The CDC, California Department of Public Health (CDPH), and Emergency Medical Services Authority (EMSA) continue to prepare for the potentiality that a traveler returning to California from West Africa may be infected with Ebola virus. These persons may develop illnesses and require medical evaluation. CDPH and local health jurisdictions are monitoring the situation closely and taking steps to keep the public safe.

CDPH continues to work with the healthcare community and local health jurisdictions to identify potential suspect cases and avoid spread of the disease. New guidelines and updated guidelines released by CDC are posted on the CDPH Communicable Diseases Emergency Response (CDER) website available at: (<http://cdph.ca.gov/programs/cder/Pages/Ebola.aspx>).

Likewise, EMSA has developed guidelines for Emergency Medical Services (EMS) personnel based on the recommendations of CDC. The guidelines have been distributed to Local Emergency Management Services Agency (LEMSA) Administrators, LEMSA Medical Directors and the Regional Disaster Medical Health Coordination (RDMHC) Program. Revisions will be made as necessary. The document is posted on EMSA's website at http://www.emsa.ca.gov/ebola_control.

SITUATION SUMMARY

Earthquake and Tsunami Program Situation Report - Sierra Earthquake Swarm:

Monday, October 13, 2014

The United States Geological Survey (USGS) Volcano Observatory is tracking an earthquake swarm south of Long Valley Caldera which started Thursday, October 9, 2014 about 15 miles southeast of Mammoth Lakes. Periodic tremors of magnitude 3.1 to 3.6 continued as recently as last night, Sunday, October 12, 2014, producing mild shaking in the areas of Mammoth Lakes and Bishop. This is one of several earthquake swarms that have occurred in the caldera this year. The USGS does not see any ground deformation associated with the most recent swarm and is confident it poses no immediate threat to people or property. The USGS California Volcano Observatory will continue to track this activity and provide updates as appropriate.

SITUATION SUMMARY

7.3 Magnitude Earthquake Off Coast of Central America

At 2053 hours on 10/13/14, a 7.3 magnitude earthquake occurred off the coast of Central America. The National Tsunami Warning Center issued a Public Tsunami Information Statement advising there was NO tsunami danger for California based on earthquake information and historic tsunami records. California Coastal Warning Points were briefed via CALWAS.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- Bi-Weekly Drought Update (10-13-14) attached

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A front will move across northwest California today bringing wet and cooler weather through Wednesday. This will be followed by a brief break on Thursday with more rain possible Friday and Saturday.

San Francisco Weather:

A Pacific storm system will bring cooler temperatures and unsettled weather to the region today through early Wednesday. After a brief break on Thursday, another system is set to impact central California by late week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Much cooler and breezy today with precipitation possible later today into Wednesday as a Pacific frontal system moves through the region. Another system will bring a threat of precipitation Friday into Saturday.

Hanford Weather:

A cooling trend will begin today and continue through the end of the week. Gusty winds at the south end of the San Joaquin Valley will occur today and along the west side of the valley this evening through Wednesday morning.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Overnight low clouds and fog will persist throughout the week along the coasts and valleys. A cooling trend will bring temperatures below normal. An upper trough will bring a slight chance of light rain or drizzle across much of southwestern California early Wednesday.

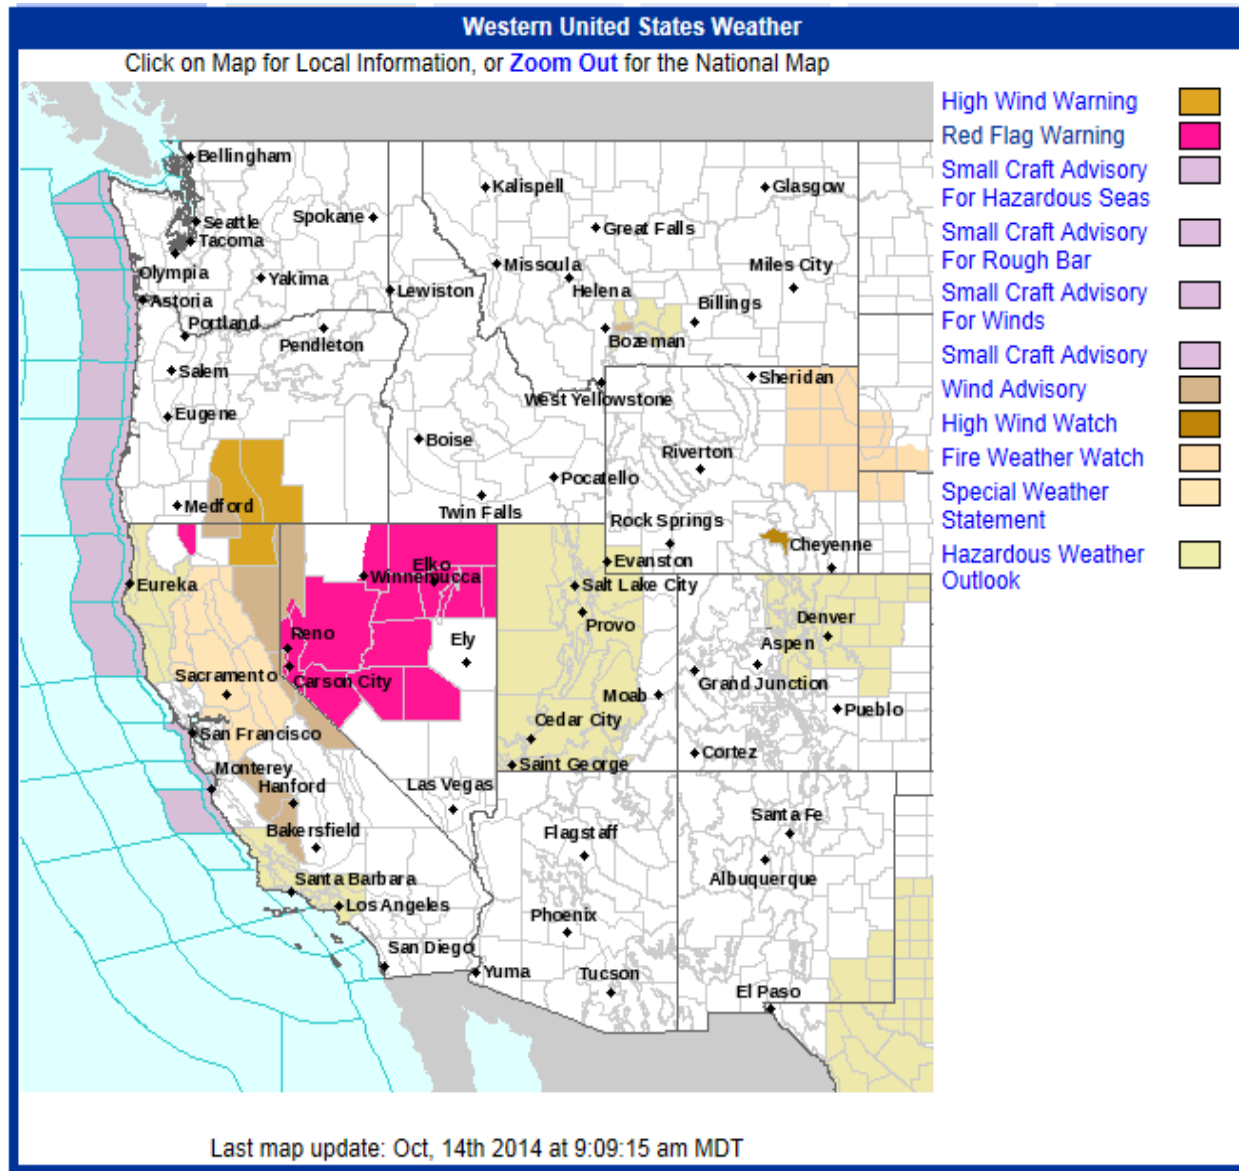

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A low pressure system over the eastern Pacific will move inland along the West Coast tonight and Wednesday. Through Wednesday this will bring cooling, deepening of the marine layer with areas of night and morning low clouds and fog pushing into the western valleys this morning and onto the lower coastal slopes Wednesday and Thursday. There is a slight chance of light rain from the lower coastal slopes to the coast late tonight into early Wednesday with lesser chances for light precipitation in those areas late Wednesday night through early Thursday. The strong onshore will bring locally gusty west winds to the mountains and deserts. Slightly below average high temperatures and a deeper marine layer will continue for Friday and Saturday with warming to near average from Sunday and Monday.

Southeast California Weather:

Dry conditions are expected through the weekend. Occasional mainly high cloudiness can be expected but otherwise skies will be mostly clear. Expect high temperatures to be two to three degrees warmer today followed by very gradual cooling to slightly below normal early next week.

FIRE ACTIVITY

Applegate Incident, Vegetation Fire, Placer County

Eastbound Interstate 80 at Applegate, Placer County

SRA

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 10/14/14 at 0509 hours:

- 459 acres, 90% contained
- Type 1 IMT; transitioned back to Local Unit this morning at 0700 hours.
- Expected Containment: 10/16/14
- Threatened Structures: 400 Single Residences
- Destroyed Structures: 6 Single Residences, 4 Other Minor Structures
- A Fire Management Assistance Grant (FMAG) was approved. FEMA Declaration Number FM-5082.
- Total Personnel – 811

Evacuations

- All Mandatory Evacuation Orders have been lifted.
- Evacuation Warnings remain in effect for the following areas: all areas and roads east of the railroad tracks between Applegate Road and Paoli Lane within the burn area southeast to the American River, and all areas and roads from Interstate 80 at Applegate Road south to Hidden Meadow Way, extending east to the American River, south of the burn area.

Shelters

- None

Road Closures

- All lanes of Interstate 80 are open with no restrictions.
- All road closures in and around the Applegate fire have been lifted.

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

FIRE ACTIVITY

Applegate Incident, Vegetation Fire, Placer County

Critical Infrastructure

- Union Pacific rail inspections have been completed; trains are running at normal speed through the area.
- PG&E has re-energized powerlines in the area.
- The California Utilizes Emergency Association (CUEA) reports:
 - There is no present threat to power infrastructure.
 - There is a potential threat to the Placer County Water Treatment Plant.
 - In response to cell phone tower overload issues in Auburn, Colfax, and Foresthill, Verizon Wireless expanded their capacity, solving the overload issues.
- A Kinder Morgan interstate pipeline runs parallel to rail road tracks in the area of the fire. A Kinder Morgan representative responded to scene and advised the State Fire Marshall's Office that the fire was burning away from the area and the line would resume operation. There is no threat to the pipeline.

Cal OES Deployments

- Two (2) PSC Technicians are assigned.

Activations

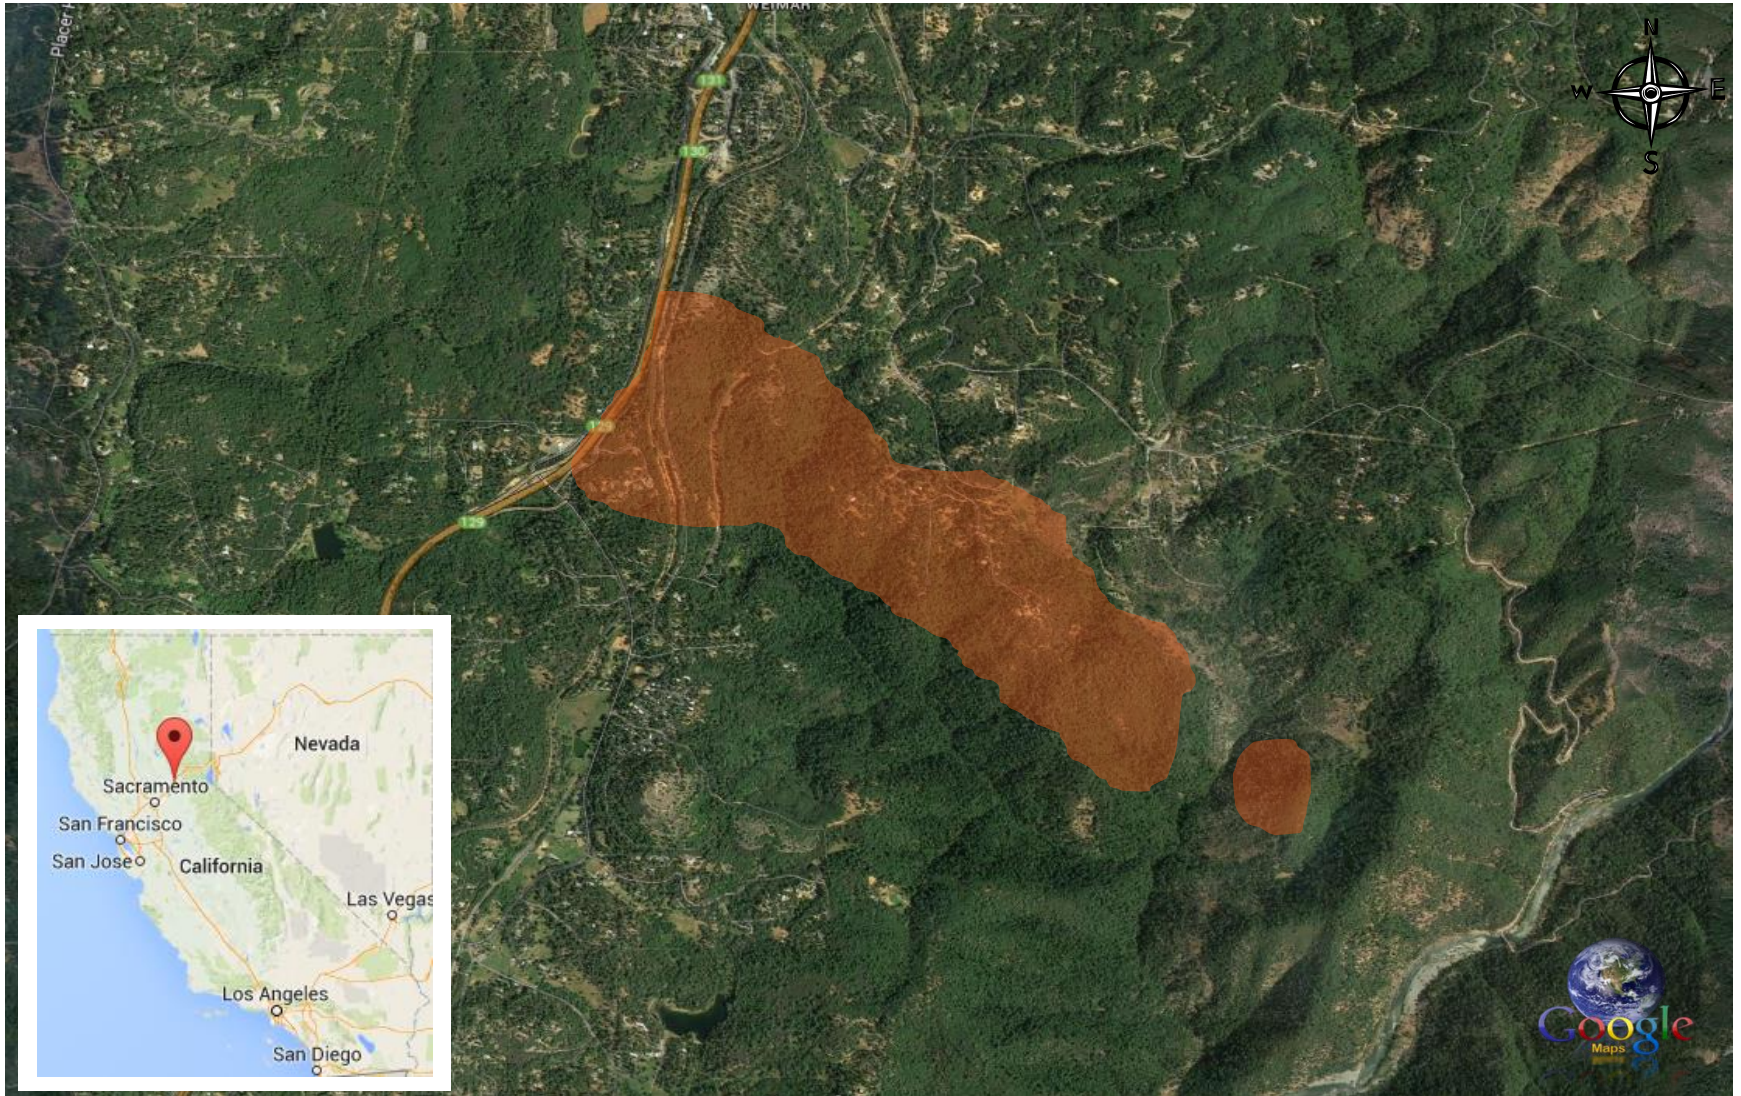

- Placer County EOC at Duty Officer Status.
- The Cal OES Inland Region is activated at Level 1 in support of Placer County.

Mission Tasking

- **2014-INLAND-7081** (Nevada County) – One (1) air monitor supplied by California Air Resources Board. On-scene.

There are currently no requests for assistance or unmet needs.

Applegate Incident, Vegetation Fire, Placer County

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Recovery Activities

- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. In addition, a Disaster Loan Outreach Center opened Wednesday, 10/01/14, at 1200 hours, located at the College of the Siskiyou's Life Science Building 3, Room LS-1, 800 College Avenue, Weed, California 96094, Mondays – Fridays, 0900 – 1800 hours (Closed 10/13/14 for Columbus Day). Notification letters have been distributed.
- On 10/06/14, the Governor issued Executive Order (EO) B-27-14, which provides CDAA, and debris removal assistance, including the suspension of rules and regulations impacting debris removal.
- Non-food items have transitioned from the Salvation Army to a collaboration of four non-profit agencies that will be involved in the distribution of items such as baby clothes, diapers, clothing, etc.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery meetings with NGO, Faith Based, and local agencies. Shasta Community Foundation was identified as a fiscal agent for the group and a meeting with agencies that have accepted donations was held on 10/10/14. [The City of Weed Mayor and Manager, and several voluntary organizations attended the meeting. The Family & Community Resource Center of Weed will conduct case-management to identify the needs of individuals and funding organizations will work with the service provider to help meet those needs. Individuals needing assistance should be directed to the organization located at 260 Main Street, Weed. Funding organizations will work through case management. The VAL will continue to provide guidance to the LTR group.](#)
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at <http://www.siskiyous.edu/humanresources/documents/fireresourcelist.pdf>.
- Food donations are being accepted at 310 Boles Street.
- On 10/02/14, Cal OES Recovery and City staff inspected the City's water system to determine a full Scope of Work, which will be presented, along with the construction contract, to the City Council for approval on 10/09/14.
- Only one family has expressed interest in the temporary sheltering program; the City and family are reviewing the options with no commitment from either side yet.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Cal Recycle reports:

Air monitoring activities continue in the work area and surrounding community.

3,447.74 total tons of debris have been removed as of day 10 of operations (86.41 tons of metal delivered for recycling; 1,820.37 tons of concrete delivered for recycling; and 3,074.30 tons of debris, ash and soil delivered for disposal)

The Numbers as of Day 10

- 131 Sites registered for the removal project (Right-of-Entry, includes library, community center and 2 churches).
- 10 Sites denied entry.
- 95 Sites documented.
- 111 Asbestos surveys completed.
- 52 Sites with asbestos containing material.
- 31 Sites cleared of asbestos containing material.
- 25 Debris removal completed.
- 0 Sites sampled.
- 0 Sample results approved.
- 0 Erosion control completed.
- 0 Approved by City of Weed as ready for a building permit.

Cal OES Deployments

- Two (2) Cal OES Recovery staff are assigned.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

Recovery Activities

- Based on a request for additional IA information for the major disaster declaration request, IA teams conducted PDAs 09/08/14 through 09/12/14 in Napa County, the City of Vallejo, and Solano County IA PDA teams conducted additional PDAs 09/17/14 through 09/19/14 finalizing PDAs in Napa County. The Presidential Declaration request letter along with supplement information was forwarded to FEMA for consideration.
- The deadline for potential applicants to submit the Request for Public Assistance to be considered for reimbursement for this event is 10/24/14. Fifty-four (54) RPAs have been received to date. Eighteen (18) kick off meetings have been completed and eight (8) kick-off meetings have been scheduled for this week and next week.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. Due to the absence of local faith based and other organizations that may have resources, Solano VOAD will reach out to expand the engagement of additional nonprofit and faith based partners. Once the organizations are identified, a follow up meeting will be held in hopes of identifying key leaders interested in forming a LTR committee.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). The LAC is open until further notice.
- A joint area field office located at the McKinley Building, 180 California Drive, Veterans Home of California, Yountville, 94599 opened 10/03/2014.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency Monday through Friday, from 0800-1700 hours.
- The Inland REOC is activated at Level 2 Monday through Friday, from 0800-1700 hours, or as needed.
- The Southern REOC is activated at Level 1 Monday through Friday, from 0800-1700 hours.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday through Friday, from 0800-1700 hours.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- Provided CDAA 2014 Drought Fact Sheet and Frequently Asked Questions to Regions for reference and distribution.
- A conference call is being scheduled, for Cal OES, DWR, SWRCB and Tulare County to discuss drought assistance programs.
